PEOPLE MANAGEMENT FOR LINE MANAGERS
« YOUR PEOPLE ARE THE HEART OF YOUR BUSINESS »

Dear Madam,
Dear Sir,

In today's fast moving business environment employee engagement is paramount, as is retaining talent within the organisation. Management capability is therefore a top priority for business success.

Line Managers, who are at the heart of the employer/employee relationship and have a vital impact on employee development and engagement should all be equipped with **leadership and coaching skills**. However, investment in essential training and development for them is all too often neglected and they are not always adequately prepared for the requirements of their position.

Organisational performance comes from **productive and well-managed teams**. While the HR Business Partners are increasingly more strategic, the leaders of these teams are required to deal with HR challenges.

The House of Training / ATTF pillar (www.attf.lu) has developed in cooperation with the **"HR Community of Choice" (Luxembourg)** (POG – www.pog.lu) an exciting programme which will equip line managers with the vision and tools required to successfully address critical people management issues.

When and where?

The seminar "*People Management for Line Managers - Your People are the Heart of Your Business*", supported by the **Luxembourg Government**, will be organized in **Luxembourg from 29 May to 3 June 2016** (arrival on Saturday 28 May - departure on Saturday 4 or Sunday 5 June: ATTF offers the opportunity to the participants to stay one free day in Luxembourg).

It will be open to **20 participants** selected by the House of Training/ATTF and POG experts. The selection will be based on objective criteria such as the applicants' present function as well as their professional and educational background. The geographical location will not be a selection factor. Please note that a **very good knowledge of English** is required.
