**CAPITAL MARKETS BACK-OFFICE CERTIFICATION PROGRAMME (CAMBOC)**  
LEVEL 2: MASTERING SECURITIES BACK-OFFICE OPERATIONS

**ORGANISATION SHEET**

---

**Objective**

By the end of CAMBOC II, participants will have a good understanding of various aspects of securities back-office operations, including settlement, securities financing, valuation of different types of securities, corporate actions, taxes, SWIFT and its use in the back office, international payments, collateral management and managing operational risk in the back office.

**Methodology**

The methodology used in CAMBOC II is based on an optimal combination of theory and practice. Theoretical aspects are based on the latest market standards, while examples, case studies and exercises are used to present and reinforce the practical application of the material.

**Target group**

The level of this course is intermediate to high. It focuses on improving the efficiency of **middle and back office staff** in banks and other financial institutions by covering different aspects of securities and cash operations in detail. Participants should either have successfully passed CAMBOC Foundation Level or should have **experience of minimum 3 years, ideally 5 years, in back-office operations.**

**Examination**

The knowledge acquired in the seminar will be validated through a written examination. Successful candidates will be granted a certificate issued by the House of Training.

**Experts**

Different training units are delivered by experts in the respective fields of activity, all of whom are professionals with many years of experience in securities back-office operations.

**Language**

English

**Participants**

15 participants from House of Training – ATTF Pilar partner countries. Participants will be selected by a committee of experts from the House of Training according to the relevance of their profiles and work experience.

**Dates**

From Monday, 18 to Friday, 22 April 2016  
Arrival: Saturday, 16 April 2016 - Departure: Saturday, 23 April 2016
