PEOPLE MANAGEMENT FOR TEAM MANAGERS
« **YOUR PEOPLE ARE THE HEART OF YOUR BUSINESS** »

Dear Madam,
Dear Sir,

In today's fast moving business environment employee engagement is paramount, as is retaining talent within the organisation. Management capability is therefore a top priority for business success.

Team Managers, who are at the heart of the employer/employee relationship and have a vital impact on employee development and engagement, should all be equipped with **leadership and coaching skills**. However, investment in essential training and development for them is all too often neglected and they are not always adequately prepared for the requirements of their position.

Organisational performance comes from **productive and well-managed teams**. While the HR Business Partners are increasingly more strategic, the leaders of these teams are required to deal with HR challenges.

The House of Training has developed in cooperation with the "**HR Community of Choice**" (**Luxembourg**) (POG – www.pog.lu) an exciting programme which will equip team managers with the vision and tools required to successfully address critical people management issues.

When and where?

The seminar "*People Management for Team Managers - Your People are the Heart of Your Business*", supported by the **Luxembourg Government**, will be organized in **Luxembourg from 10th to 15th May 2020** (arrival on Saturday 9th May before 6 pm - departure on Saturday 16th May).

The programme will be open to participants selected by the House of Training/ATTF and POG experts. The selection will be based on objective criteria such as the applicants' present function as well as their professional and educational background. The geographical location will not be a selection factor unless this course is oversubscribed, where a quota of places per country may be applied. A **very good knowledge of English** is required.

Who should attend?

If you are a **Team Manager** with a minimum of 3 years of experience in this function, aware of your **responsibility to your people** and willing to **get the best out of them**, avoiding pitfalls along the way, this programme is for you!
